DOH folks,

I asked Ron Chinn at Innovex to review the Navy's Monitoring Well Installation Plan addendum, which addresses the installation of two replacement wells for OWDF01 and RHMW01. I would like him to present his review findings to us in a conference call next week. Are you available on Wednesday January 18 for a call? I am available from 10:00 am – 2:00 pm HST. I will send out an invitation and call in number if this date works for you.

Thanks.

Bob
